

Summary of Sermon

Pastor Steve's message was about contending for New Testament theology, lifestyle and power. Calling us to

- Willingly commit to the community of the church, growing and joined together by God; sending, going and giving to the cause of the gospel.
- Not living for own peace and comfort, but actively warring. Not against people, but against darkness and all that opposes the gospel, seeking God's kingdom.
- Abide in God's presence and rely on his power, by prayer, praise, fasting, reading the bible, witnessing etc.
