

Summary of Sermon

Ps Lawrence spoke on Awakening the sound of heaven. God awakens things in us to transform the world around us. God will do amazing things that He will only do through our available, surrendered lives: if seed dies it produces a harvest.

Questions

1. What was the main thing you took away from the preaching on Sunday?
2. Ps Lawrence encouraged us not to despise what is in our hands, within our reach. Can you see God using your friendships, skills, connections with people, your home etc. for His glory.
3. Ps Lawrence gave one example of a relationship transformed by expressing love (Doug and his wife's aunt). Can you give other examples from your own experience? Pray for one another to show love in the places where you find it hard or to people you find difficult.
