

Created series - Singleness

Summary of Sermon

We are all single for some period of our lives. The duration varies for various reasons, but it can be a gifted state, however long it lasts.

Singleness is not inferior to marriage, but is a state in which people can serve and worship God differently to those who have the significant concerns and commitments that come with marriage.

Neither singleness nor marriage is wrong. All Christians should be well connected into the body of Christ and not isolated.

Key scriptures: 1 Corinthians 7.7-9, 25-35

Questions

How have we been able to BLESS (*Begin with prayer, Listen, Eat, Serve, Share the gospel*) this week?

1. How are "singles" able to serve and worship God with their lives in ways that are freer than "marrieds" might be?
2. How can someone lonely or isolated in church be encouraged to be integrated and involved with the body?
3. In the presently growing movement of God, every gift and part of the body will be needed and fully functional. How can "marrieds" and "singles" all work together effectively towards that?
